Prayer Requests

- We had a graduation ceremony for computer class students. Please pray for them to become attached to the church and for our outreaches to young people through this Learning Centre.
- We are training and developing the young people and empowering them to serve in the church. Please pray for our youth to cope with a tense environment where everyone is scared of military conscription.
- Schools have opened but some parents do not send their children to school because of financial difficulties. This distresses us and we now are meeting, encouraging and helping parents to change their mind. Please pray with us for this challenge.
- We introduced our blind brother, U Soe Win to Christian Blind Training Centre for basket making but he ran away from church to his native village, Please pray for him not to be scared and not to give up his faith in the Lord.
- We are looking for new groups of people and new places for evangelistic cell groups. We will close some current/repeated cell groups and places as there is no progress there. Please pray that God will open new places for us.
- We have completed the first step to fully register our church land. We have now started the second step. Please continue to pray for these papers and for our patience as there are 2 more steps after this!
- Our country is clamping down on media and the Kyat's value is going down. Consequently, everything is getting more expensive. Please continue to pray for our country for peace, justice, freedom and food security.
