Hesed Community Church
Yangon, Myanmar

Prayer Requests

- We praise God for twelve people who confessed Jesus as their Lord and Saviour and were baptised. Two are from Christian families, but the others are from B. background. Please pray for them to grow in Christ despite social attacks and distancing, hatred and deprecation.
- Because of our and your faithful prayer, God has provided one young man, John Lwin Htoo as our Timothy to serve in the church and the people. We give thanks to the Lord for HIS provision and please pray for John Lwin Htoo to mature in the Lord and be readied for greater service.
- We are starting a discipleship class soon for the new converts. Please pray for our needs for this class; the teachers and the people who will attend. And please continue to pray for our outreaches in the community which has less than 1% Christians.
- We are assembling all the papers and payments to submit for the Building Completion Certificate(BCC) paper. This is the last stage before the sanctuary can reset up. Please pray for all these papers to be completed and finished soon.
- Young people feel so insecure because of the conscription law. Houses are being searched and young men just 'disappear'. People do not have enough food because of low income. Personal debts are accumulating. Please continue to pray for God to have mercy on our country as the economic and political crises continue.

Baptism Ceremony at Hased Church 2-Feb-2025
