Prayer/Newsletter March 2025 Hesed Community Church Yangon, Myanmar

# **Prayer Requests**

- We have started Discipleship class 2025 for the new converts. 24 people joined the class. Please pray for them to know the Lord/truth in a deeper way and to become faithful followers/servants of Christ in the up and down situations of life.
- In our church and community, some poor people cannot afford to rebuild their houses. Our church assisted them but not enough yet. Please pray for God to provide fully for the needs to rebuild their house/shelters before the raining season comes in June.
- Please pray for Daw Win Maw (the mother of Aye Thandar who got baptized last month). She has a big tumour/lymphoma at her back. She is sick at home but not going to hospital because she is not able to pay for the expenses. Please pray for God to provide for her surgery expenses.
- For Hesed church building, We are submitting the Building Completed Certificate (BCC) to the City development office. Please continue to pray for this final stage.
- For our country and people; people are getting poorer because of low income and high prices. In rural areas, young people are very vulnerable and threatened by conscription law. Please pray for God to have mercy on us and grant us peace.
