# Prayer Requests

- ❑ Many day laborers are unable to support their children's education. Hased Church has donated school uniforms and supplies to students from low-income families. Please pray that, despite the difficult times in our country, the next generation will have access to education.
- ❑ Please pray for the pastors, young volunteers, and elders of Hased Church—that they would remain united, passionate for the Lord, and faithful in fulfilling His will in the community.
- ❑ Our new church plant in Dai Su Village has moved its worship services to Naing Oo's rental apartment. Please continue to pray for the outreach efforts in Dai Su, and that many would come to know Jesus through the ministry there.
- ❑ Please continue to pray for the final stage of paperwork to be completed for the Hased Church building.
- ❑ In Myanmar, violence and conflict are once again increasing, making daily life very difficult. Please continue to pray for God's peace to be poured out upon our country.
